

# AUM Math club

Friday, April 12, 2019  
12:00 pm-1:30 pm  
Goodwyn Hall Room 201

## Math in Games

Come join us for a relaxing end of the semester afternoon to learn about the mathematics behind popular board and card games like Spot It, Monopoly, and more! After that, we will be playing some of the games we talked about.

Activities and leadership for next semester will also be discussed in this meeting.

Open and free to all AUM students and faculty  
Pizza and refreshments will be provided
