Dr. Kelvin Gao  
[zgao1@aum.edu](mailto:zgao1@aum.edu)

# Who We Are

## **AUM students interested in:**

- Exploring the role of math in various disciplines: computational science, data science, applied mathematics, industrial mathematics, and more
- Experiencing math outside the classroom through competitions, research, and more
- Serving in the university and broader community to interest students in STEM fields

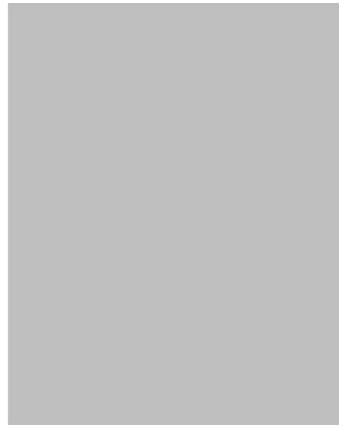

# What We Do

- **Meet Once or Twice a Month**
  - Thursdays @ 12:15-1:30 PM: Lunch and learn!
- **Learn** from individuals in industry and academia through presentations
  - SIAM Southeastern Atlantic Section Conference?
    - March 14, 2020 – Auburn University
- **Compete** in math trivia and problem-solving competitions
  - Math Jeopardy?
    - 12-14 Mar 2020
    - High Point University (North Carolina)
  - William Lowell Putnam Mathematical Competition
    - Pencil & Paper - December 2020
- **Network** with local and national companies
  - Mathematical Association of America (MAA) Southeastern Section Meeting

# What We Do

- **Serve** local students by assisting with STEM competitions and events
  - BEST Robotics
    - Oct 2020
    - MGBEST.com
  - Sonia Kovalevsky Day
  - Hour of Code
  - AISA Math Competition
  - CampIT
  - Alabama Statewide Math Competition
    - 29 Feb & 25 Apr

## Schedule of Events

- 13 February – Kickoff Meeting with Games
- 27 February – Officer Elections & 3D Printed Models Presentation
- 12 March – No meeting – (Math Jeopardy or Conference?)
- 26 March – Ms. Jamie Demick (Huntingdon Professor who worked on NASA's Cassini Probe)
- 9 April – TBD
- 23 April – Pizza and Prep (Study math with a friend or destress with games)

We Want  
You!
