

Pre-Engineering Club Meeting
Friday, September 26, 2025
1:30 - 3:00

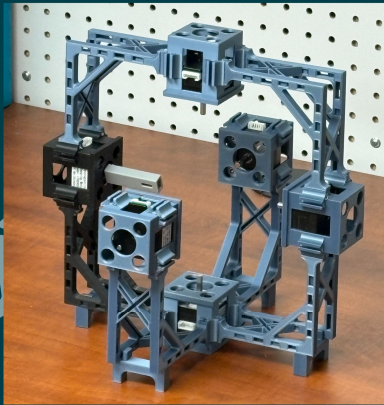

Pre-Engineering Club

What is the club ?

The Pre-Engineering club is open to anyone who is interested in doing projects to apply or further engineering knowledge regardless of major or field of study. The projects are decided by the members and off of vote depending on the scale of it. We show these projects at events and use them as resume experience.

Current Projects:

Rubik's Cube Solver

Fixed Wing RC Aircraft
